Please Act to Stop Media Monopolies

Senator John McCain U S Senate 241 Russell Senate Office Building Washington, DC 20510

Dear Senator McCain,

I urge you to tell the Federal Communications Commission (FCC) not to weaken the rules that help preserve competition and diversity among the owners of America's newspapers and radio and TV stations

As you know, the FCC is reviewing rules currently for media ownership and is likely to allow big corporations to dominate ownership of media in a particular city or town. If that happens, one company may be allowed to own the local newspaper, several TV and radio stations and the cable TV system in the same community. There would be fewer owners of networks, stations and newspapers nationwide.

Media ownership would be concentrated among fewer companies and the public's ability to have open, informed discussion with a wide variety of viewpoints would be compromised. Plus, it likely would result in higher costs for businesses that advertise in local media, and those costs likely would be passed onto consumers

The FCC is expected to vote on whether to change the rules on June 2. The public comments submitted to the FCC by individuals have been opposed to media consolidation overwhelmingly. Americans understand that the public interest is not being served by deregulation that reduces competition.

Please tell the FCC to reinstate its traditional media ownership rules for the sake of competition and democracy

Thank you

In my humble opinion, scum like Rupert Murdock and the creeps who run ClearCom should NOT be allowed to further consolidate their stranglehold on the American airwaves. They CLEARLY care NOT for the welfare of her citizens and their right to hear news unfiltered by corporate interests All they care about is MONEY and using it to buy the influence of politicians and Gov't officials like yourselves.
